SETLESS WOMEN

Dear Madam: Now, a judge in our town has just issued an order to the police to arrest all women without corrects who see found on our streets. Thus far not an arrest has been made, but whether this is due to the women dressing more discreetly or lack of courage on the part of our policemen, is not known. It is realized that if a rests are made some of our leading society women and thinky clad girls from our best families would be the first ones to be caught. So the question of clothes, or lack of them, is not only a question of moment in New York, but in Vicksburg as ONLOOKER
